

Your 3rd Programming Assignment

Insert your name here

Insert the date here

Create a table that shows the means of ecig use by each category and shows the p-value of a t-test from a two-sample difference test for the following categories. Use R-Markdown to complete the assignment.

1. Male versus female # Q2 & Q34
2. 12th versus 9th grade # QN3 & Q34
3. Hispanic versus non-hispanic
4. Black versus non-black
5. White versus non-white
6. Smokers versus non-smokers

This is where your table displaying code can go.

```
walk(table_list, print)
```

```
